

UH food contractor Aramark does not want you to know that they exploit Latino, African, & Asian coffee farmers by paying them *less than a dollar a day*.

Buy only Fair Trade certified coffee

Now available on campus at Einstein Bros., Java City and Starbucks.

Fair Trade coffee guarantees farmers a fair deal and coffee drinkers a just cup.

Fair Trade coffee cuts out the middleman and pays the farmers a living wage.

Buying Fair Trade coffee puts more money in the farmer's pockets, not in pockets of the CAUCASIAN CONTROLLED Aramark. Stop the exploitation of people of color!

We Need Your Help: Join UH Students for Fair Trade
